Event Assemblage

**(ONE DAY NATIONAL SYMPOSIUM ON NOVEL TRENDS IN
DRUG DESIGN AND NATURAL PRODUCT CHEMISTRY)**

02nd February 2019

Yashwantrao Bhonsale College of Pharmacy have organized the national symposium. The theme for this symposium is titled **Novel Trends in Drug Design and Natural Product Chemistry**. This topic is highly relevant to recent discoveries and developments of natural drug substances which are tremendously available in Konkan region of Maharashtra. This symposium is a golden opportunity for our students to witness scientific and professional interaction through a distinguished group of individuals sharing global, regional as well as local experiences and updates on the respective subject.

The main objective of this symposium is natural products drug discovery, outlining important drugs from natural sources that revolutionized treatment of serious diseases. It is clear that – Nature will continue to be a major source of new structural leads; and effective drug development depends on multidisciplinary collaborations. So, this is an opportunity for our students to have a good overview of the herbal pharmaceuticals and present day's drug discovery.

For the said event 96 students of DCP-I and DCP-II year of Yashwantrao Bhonsale College of D. Pharmacy, Sawantwadi had participated and among them 46 students present 23 posters during poster presentation session.

WELCOME

Novel Trends in Drug Design and Natural Product Chemistry
